In FIMAQH 2010, possibilities know no restrictions. Neither does business.

From May 4th-8th, 2010, FIMAQH – the International Fair of Machine Tools, Capital Goods and Services for Production – will take place at Costa Salguero Center, in Buenos Aires. This trade fair gathers that major industry together with more than 35K professionals and purchase decision makers from Argentina and the whole region.

A new edition of the biggest and most important event for the metalmechanic industry will be held in Buenos Aires. Five days of cutting edge technology applied to machine tooling and industrial equipments.

Since its beginnings, **FIMAQH** has been a business platform and shop window both for big companies and SMEs. Once again, **FIMAQH** plans to exceed every quantitative level of its last edition, in which 35K professionals of our sector participated in a show with more than 300 exhibitors, closing deals for more than USD 72 million.

During **FIMAQH 2010**, national manufacturers will have the chance to exhibit their products together with companies from all over the world who will put their last products, technologies and services on display, showing all their state of the art technology applicable to our local industry and throughout the region.

In this new edition, **CARMAHE** – the Argentine Chamber of Machine Tools, Capital Goods and Services for Production – comprehensive organizer of this exposition has decided to join efforts with a prestigious, strategic partner: **Reed Exhibitions**. They will contribute to this event with a more international nature, for they are the biggest trade fair operator in the world, with offices in every continent.

Due to this new strategic alliance, **FIMAQH** is part of a worldwide schedule of events, so the whole of the industry will know the new option for business and to be part of the Latin American market is Buenos Aires, with **FIMAQH** as the main entrance to a market with more than 280 million inhabitants.

FIMAQH 2010 has opened its offer to rent lots. The draw for the stands' location will be held during the first week of October. Those companies interested in being part of the event will have the opportunity to get information so as to reserve their lots.
